## Item 8.01 Other Events.

On March 26, 2021, VG Acquisition Corp., a Cayman Islands exempted company (the “Company” or “VGAC”), filed a registration statement on Form S-4 (File No. 333-254772) (as amended on May 5, 2021 and May 13, 2021, the “Registration Statement”) in connection with the Company’s proposed business combination with 23andMe, Inc., a Delaware corporation (“23andMe”) pursuant to that certain Agreement and Plan of Merger, dated as of February 4, 2021, as amended February 13, 2021 and March 14, 2021 (as may be amended, supplemented, or otherwise modified from time to time, the “Merger Agreement”), by and among VGAC, Chrome Merger Sub, Inc., a Delaware corporation and wholly owned direct subsidiary of VGAC (“Merger Sub”), and 23andMe. On March 25, 2021, the Registration Statement was declared effective by the Securities and Exchange Commission (the “SEC”) and the Company filed a Definitive Proxy Statement/Consent Solicitation Statement/Prospectus relating to the Company’s extraordinary general meeting of shareholders scheduled to be held on June 10, 2021 (the “Definitive Proxy Statement”) to, among other things, obtain the approvals required for the merger and the other transactions and ancillary agreements contemplated by the Merger Agreement.

As disclosed in the Registration Statement, a complaint has been filed against the Company in the Supreme Court of the State of New York, captioned, *DeStefano v. VG Acquisition Corp., et al.*, (the “Complaint”). The Complaint names VGAC and members of the board of directors of VGAC (the “VGAC Board”) as defendants. The Complaint alleges breaches of fiduciary duties by members of the VGAC Board and aiding and abetting the VGAC Board’s breaches of fiduciary duties by VGAC. The Complaint also alleges that the Registration Statement is materially deficient and omits and/or misrepresents material information. The Company has also received similar demands from other purported shareholders of the Company, containing similar allegations.

The defendants and the VGAC Board deny that they have violated any laws or breached any duties to the Company’s shareholders and believe that the claims asserted in these lawsuits are without merit. The Company believes that the Definitive Proxy Statement contains all material information required to be disclosed and that no supplemental disclosure is required to the Definitive Proxy Statement under any applicable law, rule or regulation. Nevertheless, since the outcome of these lawsuits and shareholder demands is uncertain, cannot be predicted with any certainty and may cause delays to the closing of the merger, and to eliminate the burden and expense of litigation, the Company has decided to make the following supplemental disclosures. Nothing in this Form 8-K shall be deemed an admission of the legal necessity or materiality under applicable laws of any of the disclosures set forth herein.

### **SUPPLEMENT TO DEFINITIVE PROXY STATEMENT**

*This supplemental information should be read in conjunction with the Definitive Proxy Statement, which should be read in its entirety. Page references in the below disclosures are to pages in the Definitive Proxy Statement, and defined terms used but not defined herein have the meanings set forth in the Definitive Proxy Statement. To the extent the following information differs from or conflicts with the information contained in the Definitive Proxy Statement, the information set forth below shall be deemed to supersede the respective information in the Definitive Proxy Statement. The Company denies any alleged violations of law or any legal or equitable duty. Without admitting in any way that the disclosures below are material or otherwise required by law, the Company makes the following supplemental disclosure solely for the purpose of mooted any alleged disclosure issues asserted in the Complaint.*

#### **The following underlined language supplements the paragraph of text on page xiv of the Definitive Proxy Statement under the heading “How will the combined company be managed following the Business Combination?”:**

Following the Closing, it is expected that the current management of 23andMe will become the management of New 23andMe, and the New 23andMe Board will consist of seven directors. If the Director Election Proposal is approved, the New 23andMe Board will consist of Roelof Botha, Patrick Chung, Richard Scheller, Neal Mohan, Peter Taylor, Anne Wojcicki, and Evan Lovell. Except for Mr. Lovell, no person affiliated with VGAC will serve as a director or officer of New 23andMe. Please see the section entitled “Management of New 23andMe Following the Business Combination” and “Director Election Proposal” for further information.

**The following underlined language supplements the first paragraph of text on page 109 of the Definitive Proxy Statement under the heading “Satisfaction of 80% Test”:**

It is a requirement under the Existing Governing Documents that any business acquired by VGAC have a fair market value equal to at least 80% of the balance of the funds in the trust account at the time of the execution of a definitive agreement for an initial business combination. Based on the financial analysis of 23andMe generally used to approve the transaction, the VGAC Board determined that this requirement was met. For illustrative purposes, on March 31, 2021, funds in the trust account totaled approximately \$508,731,890, and 80% thereof represents approximately \$406,985,512. In reaching its conclusion that the Business Combination meets the 80% asset test, the VGAC board looked at the implied equity value of \$3.6 billion. The VGAC Board determined that the consideration being paid in the Business Combination, which amount was negotiated at arms-length, was in the best interests of VGAC and VGAC shareholders and appropriately reflected 23andMe’s value. In reaching this determination, the VGAC Board concluded that it was appropriate to base such valuation in part on qualitative factors such as management strength and depth, competitive positioning, customer relationships, and technical skills, as well as quantitative factors such as 23andMe’s historical growth rate and its potential for future growth in revenue and profits. The VGAC Board believes that the financial skills and background of its members qualify it to conclude that the business combination with 23andMe met this requirement.

**The following underlined language supplements the paragraph of text on page 282 of the Definitive Proxy Statement under the heading “Executive Officers, Significant Employees, and Directors After the Business Combination”:**

Upon the consummation of the Business Combination, the business and affairs of New 23andMe will be managed by or under the New 23andMe Board. Except for Mr. Lovell, no person affiliated with VGAC will serve as a director or officer of New 23andMe. The directors, executive officers, and significant employees of New 23andMe upon consummation of the Business Combination will include the following:

These forward-looking statements involve a number of risks, uncertainties (some of which are beyond the control of the Company), or other assumptions that may cause actual results or performance to be materially different from those expressed or implied by these forward-looking statements. Except as required by law, the Company does not undertake any obligation to update or revise any forward-looking statements whether as a result of new information, future events, or otherwise.
